**SECTION 1: HOUSEHOLD ROSTER**

**Read:** First, we are going to talk about your household. If you need other members of your household to help you answer any of these questions, that is fine. Later in the survey we will discuss some more private issues where it will be important to speak to you alone. Now I would like to find out about all of the individuals in your household. By household, I mean the place where you and **[CR name]** usually sleep, not necessarily your ancestral lands or family home. By the individuals in the household, I mean those who "eat from the same pot."

	1.	2.	3.	4.	5.	6.	7.
	<p>Let's start with the household head. What is this person's full name? <b>Write the full name of the household head in the first row.</b> Thank you. Now please tell me the full names of all other household members. If the member has a nickname please also let us know the nickname. <b>Indicate a nickname after the first name, in parenthesis.</b></p> <p><b>Make a list of all household members, proceeding down the column. Each time the respondent stops listing members, ask "Anyone else?", repeating the household definition above as necessary. Once the respondent insists that there is no one else, read the three prompts listed below this table, and add additional individuals as necessary (indicating in Q2 if these individuals were added through a prompt).</b></p> <p><b>Once the household members have been listed, including any additions from the prompts below the table, return to the first row and continue to Q3 (making sure you have already filled in Q2 where necessary).</b></p>	<p><b>If [Name] was added with a one of the prompts below this table, please put the number of the prompt. Otherwise, enter "0".</b></p>	<p><b>Indicate:</b>  <b>HH = hh head; AF = adult female resp.; CR = core resp.; PFC = primary female caregiver; PMC = primary male caregiver. Q = every-one else.</b></p>	<p>What is [Name]'s gender?</p> <p>(1=Male 2=Female)</p>	<p>Now let's specify the relationship of [Name] to the household head. [Name] is the head's _____:</p>	<p>And now the relationship to [CR name]. [Name] is [CR name]'s _____:</p> <p>(Use G1 codes.)</p>	<p>And now the relationship to you. [Name] is your _____:</p> <p><b>Note that "you" refers to the adult female who is the primary respondent for this survey.</b></p> <p>(Use G1 codes.)</p>
